- Play a few ends!
- Sign up on the board (Freda's office)

Proposed time for the new league

Thursdays from 12:30 to 4 pm.

Other options for play are possible.

Contact Keith Fenton (289) 439-1823 for info!

What is 2-Person Stick Curling?

Stick curling is a relatively new sport which is quick and challenging for people of all ages and abilities. Stick curling allows those players with knee, hip or other issues to continue to enjoy curling and also facilitates a return to curling for former players. There are leagues for Stick curling across Canada and there are now provincial and national tournaments.

What is the format?

Teams are comprised of 2 players who deliver from opposite ends of the rink. The two players alternately deliver 6 rocks each to their partner who skips in the house at the opposite end. Roles are reversed and the rocks are delivered back to the other house. Players may only sweep from the hog line to the back of the house in the scoring end. Players do not cross centre ice. Games are 6 ends in duration. Games typically take 1 hour to play.
